October 2026

To: All registered patients of Meddygfa Gelligaer Surgery, residing at this address

Dear Patient,

I previously wrote to you in February 2026, advising that Meddygfa Gelligaer Surgery was to become directly managed by Aneurin Bevan University Health Board as of 1 April 2026, whilst the Health Board considered all the options available for the ongoing delivery of GP services.

I am pleased to confirm that, following a successful procurement process, General Medical Services (GMS) will be delivered from Meddygfa Gelligaer Surgery by Dr Choudhary and Partners, from 1 January 2027. The partnership is well established, with six GPs and one pharmacist, who also hold two GMS contracts within the neighbouring Cwm Taf Morgannwg University Health Board area.

There will be no change to where and how you access your GP care. Please be assured that you do not need to do anything as you will remain registered with Meddygfa Gelligaer Surgery under Dr Choudhary and Partners.

Over the next few months, the Health Board will continue to work alongside the existing staff at Meddygfa Gelligaer Surgery and Dr Choudhary and Partners to ensure a smooth transition for staff and patients.

If you have any concerns regarding this matter, please do not hesitate to contact a member of the Health Board's Primary Care Contracting Team on 01495 241254/241246. However, please review the attached FAQ document which may answer some questions that you may have.

Yours sincerely,

Lloyd Hambridge
