

In the Spotlight

Name: Philip Campbell

JOB TITLE: **CLINICAL DIRECTOR FOR
CARDIOLOGY & DIVISIONAL
DIRECTOR FOR MEDICINE**
**CARDIOLOGIST WITH A SPECIAL INTEREST
IN PACEMAKERS AND HEART FAILURE**

Experience & Qualifications Completed junior Cardiology training in NE England. Has worked with pacemakers since 2006. 2019 - 3 month sabbatical to go to Canada to refresh skills in advanced pacing.

Role includes:

- Treating outpatients as day cases for pacemakers and follow up appointments
- Treating emergency patients requiring pacemakers on the same day
- Pacemaker box changes
- Clinics at the Royal Gwent Hospital
- Ward cover and new admissions

Leading plans to offer an independent and expanded, advanced pacemaker service at The Grange University Hospital.

“Working with pacemakers, I like the techy side and intricacy. My job is always interesting. It’s a privilege that I get to do this.

With cardiology you can make a difference and see that difference - that’s the rewarding part of the job. We have a great team here and work well together as all our skills complement each other.”
