# Diweddariad am y brechlyn Vaccination Update

Cylchlythyr Wythnosol Weekly Newsletter

ISSUE 30: w/c 09/08/2021

## Weekly Progress (2 - 9 August)

We have now vaccinated 89% of the Health Board adult population with first doses and are progressing well with second doses with 84% of over 18s being fully vaccinated.

### 16 and 17 year olds to receive the vaccine...

On Wednesday 4th August the Joint Committee on Vaccination and Immunisation advised to offer an initial dose of Pfizer vaccine to all 16 and 17 year olds who haven't been vaccinated.

We would like to assure our residents that we will be contacting all those eligible for vaccination to offer an appointment over the next few weeks. We ask that you do

not contact us to request an appointment, but we do ask that you ensure your details held with your GP Practice are up-to-date. We will aim to notify all individuals at least one week prior to their appointment and letters will be sent to your registered home address held with your GP.

Appointments for 16 and 17 year olds will take place on 23rd, 24th and 25th August.

For further information, please visit: <https://gov.wales/written-statement-covid-19-vaccination-jcvi-announcement-vaccinating-children-young-people-0>

### COVID-19 vaccinations for household contacts aged 12-17 of immunosuppressed people

We are now prioritising household contacts of people who are immunosuppressed for vaccination.

Please complete the self referral form on the NHS website <https://forms.office.com/r/WuT8R8Qe5N>:

- if you are aged 16 or over and a household contact of a severely immunosuppressed person (<https://www.gov.uk/government/publications/covid-19-the-green-book-chapter-14a>)
- the parent/guardian of a child aged 12 to 15 who is a household contact

People who are immunosuppressed have a weaker immune system. They are more likely to have poorer outcomes if they get infected with COVID-19. Vaccinating household contacts will help limit the spread of the virus.

## VACCINATION FIGURES

(up to 09/08/2021)

Total number of Covid-19 vaccines given across our Health Board area (combination of 1st and 2nd doses)

**846,863**
