

Freedom of Information Request	FOI 21-121	6 th April 2021
--------------------------------	------------	----------------------------

Number of doctors and nurses that have died of covid and not with covid from Jan 2020 to Jan2021

Within the time period requested January 2020 to January 2021, I can confirm that within the Nursing and Midwifery staff group, less than 5 members of staff have sadly passed away whilst still in service, none of these were covid related.

Within the medical staff group, zero have passed away whilst still in service during this time period.
