

Freedom of Information Request	FOI 21-129	13 <sup>th</sup> April 2021
--------------------------------	------------	-----------------------------

- 1. For the calendar year of 2019, please could you tell me how many individual MRI examinations were performed overall?

  A total of 29,157 for this period
- 2. For the calendar year of 2019, please could you give a breakdown of the individual MRI examinations performed into body part/area? For instance, how many brain scans, spine scans etc. I am happy with whichever body part description is input in the PACS system.

Row Labels	Count of Radis Number
MRA Aorta abdominal	7
MRA Aorta thoracic	10
MRA Aorta whole	3
MRA Carotid Both	1
MRA Head	22
MRA Iliac artery	5
MRA Renal Both	40
MRCP	1329
MRCP with contrast	2

4. How much money was paid to private companies during the calendar year 2019 for the outsourcing of MRI either to mobile MRI units, private hospitals or private companies staffing hospital scanners to scan NHS patients?

The total spend was £429,319. We cannot provide details of the value paid to each commercial organisation as we believe that this is commercial in confidence and apply FOIA exemption section

## 5. From question 4 which companies were used and how many patients were scanned?

We can confirm that the total number of patients scanned was 4,173. We cannot provide details of the numbers per commercial organisation as we believe that this is commercial in confidence and apply FOIA exemption section. However, we can confirm that the Health Board employed Alliance Medical, In Health and the Rutherford Cancer Centre to undertake the scans.
