

Freedom of Information Request	FOI 21-143	14 th April 2021
--------------------------------	------------	-----------------------------

Under the Freedom of Information Act 2000, I am requesting information for *actual* deaths of Covid-19 within your hospital(s) from dates March 2020 to today's date March 22nd 2021.

I am formally making a Freedom of Information Request to your health board for an independent study that I am undertaking and want to know how many people have *specifically* died from Covid-19 within your hospital.

The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
