

Freedom of Information Request	FOI 21-150	20 th April 2021
--------------------------------	------------	-----------------------------

I would like to make a freedom of information request please in relation to the vaccination of school based staff working with the most vulnerable learners in the school – Cwmcarn Primary School.

- **In particular I would like to request the information provided by the local authority relating to the staff who work in our complex needs resource base and the complex medical needs of the learners they work with.**

The Health Board is unable to disclose personal information in relation to students or staff. However, for general information provided by the Local Authority you will need to contact the Local Authority.

- **We would like information regarding any decision deeming our staff in the complex needs base not eligible for the vaccine.**

The Health Board followed the JVICI criteria for its Vaccination Programme and staff will have been offered a vaccination based upon the priority group in which they fell.

- **We like any information regarding the cancellation of these staffs' vaccines which were originally booked for February 15th at Newbridge Leisure Centre.**

In line with the Welsh Government guidance for frontline social care staff (attached), Local Authorities were asked to review and resubmit details of eligible staff that meet the criteria for vaccination under priority group 2, for consideration by the Health Board.
