

Freedom of Information Request	FOI 21-152	15 th April 2021
--------------------------------	------------	-----------------------------

Under the freedom of information act I would like to request the following please:

How many people in your hospitals have died specifically and solely from Covid 19? (Not deaths within 28 days from a positive covid test, just specially from Covid 19 on its own)

Has anyone died as a result of having a Covid 19 Vaccine in any of your hospitals (This could be from a reaction to any of the Covid vaccines) If yes, how many deaths please?

The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
