

Freedom of Information Request	FOI 21-163	15 <sup>th</sup> April 2021
--------------------------------	------------	-----------------------------

**Please can you provide me with a breakdown of information requested below for the following hospitals:**

**Ysbyty Hospital, Ebbw Vale  
Chepstow Community Hospital, Chepstow  
At Cadoc's Hospital, Caerleon  
County Hospital, Pontypool  
Maindiff Hospital, Abergavenny  
Royal Gwent, Newport**

- 1. I would like to know how many people have died in your hospitals from Covid-19 alone.  
As in they died only due to Covid-19. I am able to see the figures you publish online, however these are deaths for any reason within 28 days of a positive Covid test, so may have died from other causes.  
Therefore I would like to know the exact figures from 1<sup>st</sup> January 2020 – 1<sup>st</sup> April 2021 of people who have died due to Covid-19 and not anything else?**
- 2. The percentage and number of people with underlying health conditions in the overall total?**
- 3. The percentage and number of those without underlying health problems in the overall total?**
- 4. The number and percentage of those that have died from Covid-19 in the overall total under the age of 50 years?**

The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
