

Freedom of Information Request	FOI 23-135	13 th April 2023
--------------------------------	------------	-----------------------------

I have a freedom of information query regarding the treatment for Myelofibrosis. Could you please answer the following questions:

Please note that the Health Board can only provide the Haematology departments figures for 'patients treated'.

ChemoCare can only pull figures relating to all states of myeloproliferative disease which currently cannot be separated into any individual disease state. They are currently working towards a new version of ChemoCare.

Q1. How many patients were treated in the past 6 months (for any disease) with:

- **Ruxolitinib**
3 Patients
- **Fedratinib**
0 Patients

Please also find below the quantities dispensed, across Health Board pharmacies for 'any disease' for the period September 2022 to February 2023:

Any Disease	Qty
RUXOLITINIB 10 mg Tablets 56 Tablet Pack	23
RUXOLITINIB 15 mg Tablets 56 Tablet Pack	16
RUXOLITINIB 20 mg Tablets 56 Tablet Pack	14
RUXOLITINIB 5 mg Tablets 56 Tablet Pack	18

Q2. Does your trust treat myeloproliferative neoplasms? If not, which other trust do you refer these patients to?

Yes, the Health Board treat all types of Myeloproliferative Neoplasms.

Q3. Please provide the total number of patients treated in the last 6 months for:

- **Polycythaemia Vera (ICD10 code D45)**
35 Patients
- **Myelofibrosis (ICD10 code D47.4)**
0 Patients
- **Myelofibrosis (ICD10 code D47.4) patients aged 65 and older**
11 Patients

Q4. Of the patients treated in the past 6 months with Ruxolitinib, how many patients had a diagnosis for:

- **Polycythaemia Vera (ICD10 code D45)**
0 Patients
- **Myelofibrosis (ICD10 code D47.4)**
3 Patients

Q5. How many myelofibrosis (ICD10 code D47.4) patients has your trust diagnosed in the past 3 years?

11 Patients

- **Of the patients diagnosed with myelofibrosis in the past 3 years, how many were treated in the past 6 months with Hydroxycarbamide?**

5 Patients

- **Of the patients diagnosed with myelofibrosis in the past 3 years, how many were treated in the past 6 months with Interferon therapy?**

3 Patients

- **Of the patients diagnosed with myelofibrosis in the past 3 years, how many have received no active treatment in the past 6 months?**

2 Patients
