

**Last year, I wrote to Aneurin Bevan University Health Board (ABUHB) requesting information on a range of indicators regarding the treatment of Hepatitis C.**

**I would now like to follow this previous correspondence up to ask:**

**How many patients were treated by ABUHB for Hepatitis C during the 2022-23 financial year;**

56 patients were treated by Aneurin Bevan University Health Board.

**Whether the Hepatitis C treatment target for 2022-23 was achieved;**

No, the target for 2022-23 was not achieved.

**What are ABUHB's identified Hepatitis C treatment targets for 2023-24?**

The target for Aneurin Bevan University Health Board for 2023-2023 is 80 patients.
