

Freedom of Information Request	FOI 21-525	13 th December 2021
--------------------------------	------------	--------------------------------

Q1. How many haemophilia A patients are registered with your centre, and how many of these patients are classified as exhibiting mild, moderate, or severe disease.

Currently we have 12 patients registered with **mild haemophilia** on our database. We do not treat patients with moderate or severe disease.

Q2. Of the haemophilia A patients registered with your centre, how many of each type below required prophylactic or on-demand treatment in the last 3 months:

- **Haemophilia A (any type)**
- **Haemophilia A with Inhibitors**
- **Severe Haemophilia A**
- **Moderate Haemophilia A**
- **Mild Haemophilia A**

None.
