

Freedom of Information Request	FOI 21-528	16 th December 2021

Can you please forward details of locations and names of secure units that are specifically for women or are mixed units. I am specifically looking for mental health related units, although details of womens prisons would be beneficial too. This will enable me to gather data to help facilitate whether advocacy is provided onsite, is the advocacy provided gender specific, how easy is it for women to access advocacy. Would it be possible for the information to be broken down into locations/NHS trust providers/ independent providers and whether the units are high, medium or low secure units or prisons.

Please find below the list of female / mixed secure services that are located within the Aneurin Bevan University Health Board footprint:

Cygnnet, St Teilo's House, Goshen Street, Rhymney, Gwent, NP22 5NF	Female Locked Rehabilitation
Priory, Llanarth Court Hospital, Llanarth Court, Raglan, Abergavenny, Usk NP15 2YD	Female Medium Secure Unit
