Freedom of Information Request

FOI 22-556-01

28th December 2022

Thank you for the quick response. I note that the service has been unable to provide a precise answer for question 2.3. I wonder if the service could provide an answer to the following alternate question instead?

2.3 How many bespoke insole orders did your Orthotic service place in the 2021/22 financial year? Please select the answer that most accurately represents the annual insole provision for your service:

0-99

100-199

200-499

500-999

1000-1499

1500-1999

2000-2499

3000+

The answer that most accurately represents this is 1000-1499.
