### Your request

You requested the following:

I am researching the usage of immunoglobulin treatments within the NHS. Could you please answer the below question:

In the past 3 months [latest 3 months available] how many patients have received the following immunoglobulin treatments [for any disease]?

- Cutaquig
- Cuvitru
- Gammanorm
- Gammagard
- Hizentra
- Hyqvia
- Intratect
- Iqymune
- Kiovig
- Privigen
- Octagam
- Panzyga
- Subgam
- Any other normal immunoglobulin

### Our Response

Our response to your question is provided within the table below:

| Immunoglobulin Treatment        | Number of Patients August 2023 | Number of Patients September 2023 | Number of Patients October 2023 |
|---------------------------------|--------------------------------|-----------------------------------|---------------------------------|
| Cutaquig                        | 0                              | 0                                 | 0                               |
| Cuvitru                         | 0                              | 0                                 | 0                               |
| Gammanorm                       | 0                              | 0                                 | 0                               |
| Gammagard                       | 0                              | 0                                 | 0                               |
| Hizentra                        | 0                              | 0                                 | 0                               |
| Hyqvia                          | 1                              | 1                                 | 1                               |
| Intratect                       | 5                              | 4                                 | 4                               |
| Iqymune                         | 1                              | 1                                 | 1                               |
| Kiovig                          | 0                              | 0                                 | 0                               |
| Privigen                        | 27                             | 26                                | 30                              |
| Octagam                         | 16                             | 20                                | 18                              |
| Panzyga                         | 0                              | 0                                 | 0                               |
| Subgam                          | 0                              | 0                                 | 0                               |
| Any other normal immunoglobulin | 2                              | 2                                 | 3                               |
