

Freedom of Information Request	FOI 21-019	2 nd February 2021
--------------------------------	------------	-------------------------------

I am a student at Leeds Beckett University completing a research project based on the effectiveness of play therapy in South Wales. Do you have any case study or pilot data that I could use for my presentation? It could state the rate of improvement before and after therapy. I would be grateful for any information you could provide.

Unfortunately the Health Board's Therapy Services does not offer formal 'Play Therapy' and therefore we can't provide any data. We would suggest contacting the local authorities who may be able to help.
