Please send me information on the total number of COVID19 deaths from 2019 to 2021. The specific request follows:

Under 60 years of age

- **How many people have died as a direct result of COVID19 with no underlying issues?**
- **How many people have died as a direct result of COVID19 with underlying issues?**

Over 60 years of age

- **How many people have died as a direct result of COVID19 with underlying issues?**

The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
