

Freedom of Information Request	FOI 23-008	21 st February 2023
--------------------------------	------------	--------------------------------

To know the average wait time for colonoscopy investigations (in weeks) in the year 2022 for patients on a non-urgent pathway (i.e. people not on the suspected cancer pathway). Please could this information be provided in an Excel spreadsheet.

***Clarification received:* We would like the average waiting time for the end of 2022. If possible, we would also welcome a breakdown by month.**

The Health Board is unable to provide a breakdown by month, please find below the information requested as of the end of December 2022:

Average wait for patients waiting for a colonoscopy = 12 weeks

Please note the information provided is based on patients still waiting and *not* patients who received their endoscopy in December 2022.
