

Freedom of Information Request	FOI 23-016	7th February 2023
--------------------------------	------------	-------------------

I am currently updating data on your Trust's clinical imaging equipment.

Can you please complete the fields in the attached spreadsheet with what you currently hold?

The spreadsheet has two tabs, please fill out the first tab if you have a MES contract.

In the second tab I prefilled the asset details I currently hold. Please fill out the missing information, please use the drop-down list where possible.

Please fill out the second tab even if your equipment is not under a MES contract.

In the Equipment detail column please give a short description of the asset:

- **for CT please write the number of slices**
- **for MRI please write the Tesla**
- **for Fluoroscopy please write if its fixed or mobile, flat panel or image intensifier**
- **for Mammography please write if it is static or trailer, 2D or 3D**
- **for Nuclear please write if its PET, PET-CT, PET-MRI, SPECT or SPECT-CT,**
- **for Ultrasound please write the capability (2D, 3D, 4D)**
- **for X-ray please write if it is static or mobile, CR, DR or retrofitted**

The Health Board does not record this information centrally. Therefore, in order to comply with your request, the Health Board has established that this would exceed the appropriate costs limit under Section 12 of the Freedom of Information Act 2000 which is currently £450. As you will be aware this is not an exemption which requires us to consider the application of the public interest test. We have calculated that it would take in excess of 24 hours (@ £25.00 per hour) for a staff member to review and collate the information requested and populate the spreadsheet.
