

I wish to make a request for information under the Freedom of Information Act about wheelchair waiting lists for children and young people within your health board. In order to assist you with this request, I am outlining my query as specifically as possible.

Please could you supply me with the following information which could exist in either paper or electronic form:

The Health Board does not hold this information. The Artificial Limb & Appliance Centre is responsible for all wheelchair provision, therefore you will need to direct your request to [Cardiff & Vale University Health Board](#).
