## Your request

You requested the following:

Your organisations current "Pharmacy strategy" document - This may also be titled Medicines Management Strategy, Pharmacy, Prescribing and medicines strategy or similar and should identify your organisations strategic plans to develop and evolve your hospital pharmacy to ensure safe and effective use of medicines. In England this may be incorporated within an ICS wide strategy or in Scotland/Wales it may be incorporated into a wider Health Board strategy, and, if so, please can you identify that this is the case and either share this document or (in England) identify which organisation "owns" it to allow a request to be made to that organisation.

Please feel free to forward the document or, if in the public domain, share the relevant URL for the document.

## Our Response

I can confirm that the Health Board has completed a search of its records and has established that it does not hold information in relation to your request, as the Health Board does not have a local 'Pharmacy Strategy' document for hospital pharmacy provision.

The strategic direction of hospital pharmacy services in Wales is directed by Welsh Government's response to the Independent Review of Clinical Pharmacy Services in NHS Hospitals in Wales, which was published in September 2023. A link to the Welsh Government's response on its website is provided below:
