

Please can you tell me:

- 1. How many patients, under the age of 18, have been referred to endocrinology clinics/gender identity clinics from your health board from 2015 up until the latest available figures with a yearly breakdown?**

Referrals are processed through WHSSC. The Health Board does not send referrals directly to endocrine clinics and does hold information relating to referrals sent to gender identity clinics.

1b. Please also provide a breakdown of the ages of those referred.

As per the response above no data is available.

- 2. How many people, under the age of 18, have received puberty blocking treatment from 2015 up until the latest available figures with a yearly breakdown?**

Data is not available from our service as we do not review this in our clinical practice.

2b. Please provide a breakdown of the ages of each individual who has had puberty blocking treatment.

Data is not available from our service as we do not review this in our clinical practice.

- 3. How many patients have received prescriptions for cross-sex hormones from 2015 up until the latest available figures with a yearly breakdown?**

No data available.

3b. Please also provide a breakdown of the ages of each individual who has received cross-sex hormones.

No data available.

The Health Boards role in specialist Child and Adolescent Mental Health Services (CAMHS) is to carry out assessments for gender identity disorder and to send appropriate referrals to the Tavistock Clinic, London. Any Individual Patient Funding Requests (IPFR) are sent to the Welsh Health Specialised Services Committee (WHSSC) and we would advise that you contact WHSSC to obtain data.
