13. Does the trust have any projects or procurements for a rota or rostering software on-going or scheduled in the next 12 months?

ABUHB are currently completing a review of the current E-Systems strategy and the number and variety of medical e-systems currently in use within the Health Board. Work is ongoing in reviewing some of the systems and assessing other solutions on offer in the market. This strategy review covers job planning, e-rostering, locum/bank, agency, direct engagement, managed services etc. It is likely that there will be projects/procurements that result from this review, but at this stage nothing can be confirmed.

14. If yes, list the upcoming projects or procurements and their planned start dates?

As mentioned above, it is likely that there will be projects/procurement processes commencing in the next 12 months, however, specific requirements and start dates are not yet known.

15. In order to participate in a rota or rostering tender, what is the process?

This is dependent on the route to market and procurement process selected by the Health Board. A review of the procurement options and routes to market will be carried out prior to the commencement of the process. There will be an opportunity to carry out a mini competition via an appropriate framework, if this option is selected then only the suppliers qualified on the framework would be invited to submit a tender. There is also the option to carry out an open market tender, where any interested providers would be invited to bid.

16. Is your rota supplier the same as your rostering supplier?

There is currently no medical rostering system in place.

17. If no, please state the name of the rostering software(s) and provider(s) for the above staff groups (medical, surgical and anaesthetics.)

N/A

18. Please state the contract start and end dates for the rostering software(s) in Question 17.

19. What is the job title(s) and department(s) of the decision maker(s) on the above software(s)?

The Executive Lead is the Interim Director of Operations.

20. What is the annual cost of the above rota and rostering software(s)?

Unfortunately, the response to this question is regarded as commercial in confidence and cannot be disclosed. We have therefore applied a Section 43 exemption as the release of the information is likely to prejudice the commercial interests of any person (a person may be an individual, a company, the public authority itself or any other legal entity).

21. Are there any exit costs incurred for changing the above rota and rostering software(s)? If yes, please state the exit costs.

No exit costs have been agreed.

22. What is the notice period for the above software(s)?

4 months

23. What other rota and rostering systems are used by the Trust? Please state the names of any providers used and what they are used for?

For nurse rostering, a contract is currently in place with:

Supplier – Softcat

Software - Allocate

The contract covers the whole of Wales and is in place until January 2026.
