

Freedom of Information Request	FOI 22-020	17 <sup>th</sup> January 2022
--------------------------------	------------	-------------------------------

**Can you please let me have the number of patients in ICU with Covid and Omricon since the beginning of November 2021 to the 10th January 2022.**

Between 01/11/2021 and 10/01/2022 there have been 39 patients in critical care with COVID – we are not able to identify the strain/variant.

**Plus the number deaths with Covid and Omricon since the beginning of November 2021 to January 10th 2022**

Between 01/11/2021 and 10/01/2022 there have been 61 COVID deaths (in all wards at all hospital sites, based on the ONS death definitions) - we are not able to identify the strain/variant.
