

Freedom of Information Request	FOI 22-057	27 th January 2022
--------------------------------	------------	-------------------------------

Can you provide me with covid 19 deaths at your hospital. With only COVID-19 as the primary cause of death from 1st of January 2021 to 31st of December 2021.

The Health Board is not able to identify number of patients who died purely due to COVID (alone).

The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
