

Freedom of Information Request	FOI 22-306	11 th July 2022
--------------------------------	------------	----------------------------

Could I please request the numbers of people currently admitted to all hospitals with Covid-19 positive results through PCR and/or LFT.

There are currently 45 patients in hospital with COVID-19 based on the result of a positive (PCR) COVID-19 test only.

Also can I ask how many of them admitted have had 2/3 of the covid vaccines.

Of these patients, 5 have received 2 COVID-19 vaccinations and 17 have received 3 COVID-19 vaccinations.
