

Freedom of Information Request	FOI 22-321-01	29 <sup>th</sup> July 2022
--------------------------------	---------------	----------------------------

**"I'm not asking for information about admissions \*to\* Hillview.**

**I'm asking about interactions with the healthcare services that Aneurin Bevan provides, that relate to Hillview and its residents. An example of such an interaction would be a resident of Hillview attending A&E.**

**This would include at least counts of calls, attendances, admissions, referrals, but you may have also produced your own reviews of the health board's involvement with this private hospital/organisation in this time.**

**This is similar, for example, to requests for information about ambulance call outs to Amazon warehouses."**

For the period 01/01/2018 to 22/07/2022

310 Emergency Department attendances  
200 outpatient attendances  
84 inpatient discharges

Please note the above figures are based **SOLEY** on the postcode of **NP23 5YA**, which is the postcode of Hillview Hospital/Regis Healthcare.
