

Freedom of Information Request	FOI 22-345	2 nd August 2022
--------------------------------	------------	-----------------------------

I am seeking information about your health board's network of providers. To better understand your health and social care providers' digital capabilities, infrastructure, and readiness, I'm seeking yes/no answers to the following questions:

Provider Digital Capabilities

1. **Are your network's providers using digital capabilities to perform key tasks like patient documentation, referral to treatment, medicines prescribing, staff rostering, and communication with GPs?**
Yes
 - a. **Are there key tasks which your providers still do manually which could benefit from digitisation?**
Yes
2. **Are your providers able to easily access GP and Social Care information via digital platforms?**
Yes

Provider Digital Infrastructure

1. **Do your network's providers have the underlying infrastructure in place to support these digital capabilities?**
Yes
2. **Have your and your providers' digital capabilities reached a state of operational maturity?**
Yes

Provider Digital Readiness

1. **Do your strategic plans prioritise the optimisation of digital capabilities?**
Yes
2. **Do you and your providers have robust controls in place to mitigate cyber risk and protect patient confidentiality?**
Yes
