

1. I was wondering if you could please supply hand hygiene compliance data for the Aneurin Bevan Health board for the last 3 months and also any information/statistics that you might deem relevant

Please find below hand hygiene compliance for January to June 2022.

Month	%
Jan 2022	92%
Feb 2022	91%
Mar 2022	92%
Apr 2022	92%
May 2022	92%
Jun 2022	90%
Jul 2022	89%

2. Also, if it is not too time-consuming do you have any data that would show an increase in hand hygiene since the beginning of the covid 19 pandemic? Maybe figures from January-March 2020 and January to March 2022 to show the difference?

Please find below hand hygiene compliance for:

January -March 2020

	%
Jan 2020	89%
Feb 2020	91%
Mar 2020	95%

January -March 2022

	%
Jan 2022	92%
Feb 2022	91%
Mar 2022	92%
