

Freedom of Information Request	FOI 22-619	23 <sup>rd</sup> January 2022
--------------------------------	------------	-------------------------------

**I would like to make a request for information under the freedom of information act.**

**Please can you provide details of how every dental contract in every/your Health Board for this current financial year (FY23), including:**

**1. The name and location of the contract**

Please see attachment.

**2. Whether the contract is operating under the new Welsh dental contract**

Please see attachment.

**3. The targeted UDAs and specific Key Performance Indicators (KPI) necessary for 100% of the contract to be paid and not clawed back (i.e. number of new patients seen, number of fluoride varnishes, number of historic patients etc)**

The information requested is exempt from disclosure under section 43(2) of the Freedom of Information Act 2000 (FOIA). It is considered that the information requested is commercially sensitive and, if released, is likely to prejudice the commercial interests of the contractors and the Health Board.

Dental practices are independent contractors and information relating to their contract values is commercially sensitive. This request relates to commercial activity in the current financial year which is being conducted in a competitive environment. The data could damage the confidence or reputation of a dental practice.

The Health Board can advise that the metrics for UDA, new patients and historic patients are based on formulae developed by the Welsh Government along with percentage targets for fluoride varnish and recall intervals. The individual circumstances of each contract will be considered at year end, not meeting a target will not necessarily mean a contract is subject to clawback.

**4. For each month (or if you do not have this, either each quarter or cumulatively year to date):**

**a. The number of UDAs delivered by each contract**

**b. The performance of each contract against each KPI**

The information requested is exempt from disclosure under section 43(2) of the FOIA. It is considered that the information requested is commercially sensitive and, if released, is likely to prejudice the commercial interests of the contractors and the Health Board.

Dental practices are independent contractors, and this request relates to commercial activity in the current financial year which is being conducted in a competitive environment. The data could damage the confidence or reputation of a dental practice.

The release of such information is likely to deter dental practices from entering into contracts with the NHS. This will adversely affect the ability of the NHS to deliver effective healthcare to the public.

**5. The total amount of clawback that has so far been taken from each dental contract in monetary and UDA terms**

This is currently zero to date. Will be considered when final activity levels for each contract for 2022/23 are confirmed.
