

Freedom of Information Request	FOI 23-010	30 <sup>th</sup> January 2023
--------------------------------	------------	-------------------------------

**I am currently working on my dissertation with the aim of reviewing current clinical guidelines/policies on the management of violence and aggression and use of restraint across different trusts in Wales. It is intended to review if policies/guidelines are trauma informed.**

**Would it be possible to be granted access to these policies for Aneurin Bevan University Health Board.**

Please find attached the Health Boards policies as requested.

Please note that although past the review date ABHB/H&S/0668 Handling Violence and/or Aggression (Internal Sanctions) Policy and Procedure is extant and ABHB/H&S/0772 is currently under review.
