

Thank you for your request to Aneurin Bevan University Health Board for information under the Freedom of Information Act (2000) received on Monday, 8th January 2024.

Your request

You requested the following:

The data we require are as follows (for period 1st January 2023 and 31st December 2023) in an electronic format that allows us to read the data into a database. Many hospitals respond to our survey and provide data in the form we require. Preferably this format is in an excel file or comma separated text file.

Data required (for period between 1st January 2023 and 31st December 2023)

- We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.
- To calculate the level of assault-related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e., 2023.
- Please also include the names of hospitals (including Minor Injury Units and Walk-in Centres) providing assault data.

Our Response

I can confirm that the Health Board has completed a search of its records and has established that it does hold information in relation to your request below:

Please see the response below as attached.
