

Freedom of Information Request	FOI 21-296	26 th July 2021
--------------------------------	------------	----------------------------

I am writing today to ask for the number of vaccinated infants from 2015 to 2021 who received:

8 weeks old: 6 in 1 vaccine, menb and rotavirus

12 weeks: 6 in 1 vaccine 2nd dose, pcv vaccine and rotavirus vaccine 2nd dose

16 weeks: 6 in 1 vaccine 3rd dose and menb vaccine 2nd dose

I then request the same information but for the number of infants who were not vaccinated against the vaccinations I have stated above at the stated vaccination schedule.

Following on from the information requested of vaccinated and un vaccinated infants at the NHS vaccination schedule could you please then provide myself with Number of infants who were vaccinated who went on to contract the viruses they have been immunised against.

Number of infants who then went on to die from disease immunised against

Then number of un vaccinated infants who went on to contract disease which could of been immunised against.

Number of infants who went on to die from disease which they could of been immunised against.

Data in relation to childhood immunisation uptake is held by Public Health Wales. Therefore your request should be forward to Public Health Wales via the following link: [Freedom of information - Public Health Wales \(nhs.wales\)](https://nhs.uk/foi)
