

Freedom of Information Request	FOI 21-297	26 th July 2021
--------------------------------	------------	----------------------------

Under the FOI can you please confirm:

- a. The cycle threshold you are currently using for the PCR tests.**
Test values up to 35 are reported as positive.
Tests 35-40 are reported as low level detected
Over 45 are reported as indeterminate.
- b. If the cycle threshold has been changed in the last 12 months - if so when and from what/to what.**
There has been no change in the last 12-months
