

Freedom of Information Request	FOI 21-298	26 <sup>th</sup> July 2021
--------------------------------	------------	----------------------------

**How many complaints has Claire Rockliffe-Fidler had made against her?**

**What I really need is the number of complaints per year, and also, a comparison with all other psychologists, and how many patients each psychologist saw in that year (so I can calculate a ratio of patients seen to complaints made).**

**This is so I can see if CRF is worse than other psychologists, or not.**

The Health Boards Putting Things Right Department has searched its Complaint Reporting System (DATIX) and can find no complaints relating to Claire Rockliffe-Fidler and others.
