

Freedom of Information Request	FOI 21-221	17 th June 2021
--------------------------------	------------	----------------------------

1. The total number of staff employed by Aneurin Bevan University Health Board as of May 17, 2021, all roles and positions included.

As of 17th May 2021 15,627 members of staff were employed by Aneurin Bevan University Health Board.

2. The total number of confirmed cases of Covid-19 among staff members at the health board between March 1, 2020 and May 17, 2021.

Sickness is recorded on the Electronic Staff Record (ESR). Unfortunately, it is not possible to identify from this system if an individual has tested positive for COVID-19. However, managers are able to record reasons for absence linked to COVID-19, and this is classified as S27 – Infectious Diseases (COVID-19). This will include but is not limited to, those with symptoms who are unable to work whilst awaiting the outcome of a test and those who have had a positive test.

3. A breakdown of the total number of confirmed Covid-19 cases among staff members by month (eg. 17 cases confirmed in March 2020, etc.)

Reports are run on a monthly basis, therefore data is only provided until the end of end of April 2021.

Please note as in Q2, the data below relates to sickness absence related to COVID-19.
