

I am requesting the annual external software and consultancy costs of the board's Patient Level Information and Costing System. I am also requesting the name of the supplier of the software and consultancy services.

A tender exercise is currently running for the new contract, therefore the Health Board is unable to divulge any information that could potentially provide a tendering supplier with additional information to what has already been supplied within the tender documentation or is already available within the public domain.

The Health Board can confirm that the total value of the current contract is £561,364.00.
