

Freedom of Information Request	FOI 21-074	1 st March 2021
--------------------------------	------------	----------------------------

- 1. The spending per financial year on translation services (written) and interpreting services (oral) for your organisation over each of the following 5 financial years: 2015/2016, 2016/2017, 2017/2018, 2018/2019, 2019/2020, as well as the languages involved. Please do not include data regarding the spending on services for the deaf and blind (such as sign language interpreting or Braille).**
- 2. The total budget for your organisation for each of the 5 financial years the information above is provided on, for all expenses not just for translation and interpreting services, i.e. to include all expenses such as salaries, utilities, equipment, consumables etc., with only the total figure given, no breakdown necessary. For example, I assume the total budget would be a few dozen or hundred million pounds per financial year. This is so that I can calculate the translation and interpreting spending as a percentage of the organisation's total budget (which I suspect would be around or under 0.1%). The data will be compiled, analysed and published on <https://inboxtranslation.com>**

The following table provides a breakdown by year.

Financial year	£ spent on translation services (written)	£ spent on interpreting services (oral)	Health Board TOTAL budget (including <u>all</u> expenses, i.e. salaries, utilities, marketing etc., and <u>not</u> just translation)

2016/2017	£0.00	£227,963.00	£196,491.00
2017/2018	£9,084.00	£159,724.00	£214,181.00
