

Freedom of Information Request	FOI 21-093	8 <sup>th</sup> March 2021
--------------------------------	------------	----------------------------

**Please could I request information on the amount of deaths sustained within the hospitals of the ABHB by patients infected with COVID19 who had no underlying health conditions.**

**I am not looking for data regarding deaths within 28 days of a positive test. Please could you give data on those who only died due to a COVID19 infection.**

**Please could you provide exact numbers from February 1st 2020 to February 1st 2021.**

The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
