

Freedom of Information Request	FOI 21-095	23 rd March 2021
--------------------------------	------------	-----------------------------

1. From 01/01/2020 to 14/02/2021 how many patients have died of Covid 19 without any other underlying health issues at your hospitals?

The Health Board reports all COVID related statistics to Public Health Wales (PHW), this includes all death causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
