

Freedom of Information Request	FOI 21-101	8 th March 2021
--------------------------------	------------	----------------------------

I would like to know the exact number of people who have died from Covid 19 and not the numbers who have died with Covid 19, I would also like to know the age of the people who died of Covid 19. Please supply the data for all hospitals individually in the South Wales area.

The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Aneurin Bevan Health Board responsibility. All Health Board deaths data is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data.

Please refer to PHW website and PHW for further information via the following link below:
