

Freedom of Information Request	FOI 22-128	23 rd March 2022
--------------------------------	------------	-----------------------------

I am trying to understand the level of clinical trials activity that is taking place in the UK. Specifically, can you tell me how many commercial clinical trials have been taking place in this health board during 2021?

This could be completed trials, or trials that are ongoing. When I say "commercial trials", I mean trials that are funded or sponsored by a commercial company such as a pharmaceutical company.

There was a total of 15 commercial trials open in the Health Board during 2021.
