I would like to make a request to find out more about the provision of IVF services within Aneurin Bevan University Health Board.

In particular I would like to know how privately funded IVF cycles might affect a couples eligibility for NHS-funded cycles?

To clarify, (assuming all other NHS eligibility criteria was met), would a couple seeking treatment be entitled to any IVF cycles on the NHS if they had already had 1 cycle of IVF funded privately? Would NHS eligibility be any different if hey had already received 2 cycles of IVF privately funded?

Please note that specialist fertility services are commissioned via [Welsh Health Specialised Services Committee \(WHSSC\)](#).
