

This request relates to inpatient admissions to your NHS board with a primary or secondary diagnosis of an eating disorder (please include all eating disorders - i.e. ICD10 code F50 - Eating Disorders).

1. Please state the number of inpatients with an eating disorder diagnosis that were discharged from your board in:

- a. 2018
- b. 2019
- c. 2020
- d. 2021
- e. 2022
- f. Total (1 Jan 2018 to 31 Dec 2022)

2. Please break down the early totals above by inpatient BMI at time of discharge in the following categories:

- i. BMI > 18.5
- ii. BMI 17-18.5
- iii. BMI 16-16.99
- iv. BMI 15-15.99
- v. BMI <15kg

For ease, I have created a table template that can be completed. Please also find it attached.

If numbers above are so small that a significant proportion of the data is suppressed, please complete the alternative table outlining broader BMI categories also attached.

Mental Health & Learning Difficulties Wards

Number of inpatients with a diagnosed eating disorder that were discharged from your board, by BMI at time of discharge:

	Q1	Q2.i	Q2.ii	Q2.iii	Q2.iv	Q2.v	
Year	Total discharged	BMI > 18.5	BMI 17-18.5	BMI 16-16.99	BMI 15-15.99	BMI <15kg	BMI Unknown
2018	15	1					14
2019	5	1					4
2020	8						8
2021	5	1			1		3
2022	3						3
Total (1 Jan 2018 to 31 Dec 2022)	36	3			1		32

Please note that these are the discharges within the Mental Health & Learning Difficulties wards only, where the patient has a primary or secondary diagnosis of an F50 ICD Code.

Acute, General, and Community Hospital Wards

Number of inpatients with a diagnosed eating disorder that were discharged from your board, by BMI at time of discharge:						
	Q1	Q2.i	Q2.ii	Q2.iii	Q2.iv	Q2.v
Year	Total discharged	BMI > 18.5	BMI 17-18.5	BMI 16-16.99	BMI 15-15.99	BMI <15kg
2018	163					
2019	147					
2020	214					
2021	237					
2022	240					
Total (1 Jan 2018 to 31 Dec 2022)	1001					

Please note that these are the discharges from the acute, general and community hospitals with a primary or secondary diagnosis of F50 (eating disorders). It is not possible to provide the breakdown of the BMI as this is not part of the admitted patient care dataset.
