

Freedom of Information Request	FOI 23-123	15 th March 2023
--------------------------------	------------	-----------------------------

I am trying to understand the level of clinical trials activity that is taking place in the UK. Specifically can you tell me how many commercial clinical trials have been taking place in this health board during the calendar year of 2022?

This could be completed trials, or trials that are ongoing. When I say “commercial trials”, I mean trials that are funded or sponsored by a commercial company such as a pharmaceutical company.

There were 11 commercial clinical trials that took place during 2022.
