

Freedom of Information Request	FOI 22-174	3 <sup>rd</sup> May 2022
--------------------------------	------------	--------------------------

**How many names were removed from all waiting lists for all department by ABUHB in the 12-month period prior to the Assembly elections 1st May 2022 – 30th April 2021?**

32,579 patients were removed from the outpatient waiting list and 8,363 from the treatment list between May 2020 and April 2021. Please note that these are patients that were removed other than treated (ROTT) and consists of all removal reasons which includes patient choice.

**What is the % of those who died from COVID who have acquired the disease whilst in a ABUHB hospital?**

The Health Board is not able to identify the number of patients who died purely due to COVID (alone). The Health Board reports every death in our hospitals to Public Health Wales (PHW), this includes all causation factors. Public Health Wales will then perform statistical alignment meeting the definition of a COVID death and the patient place of residence as some of the Health Board area residents may die in other hospitals outside of the Health Board responsibility. All Health Board data in relation to deaths is reported on the Public Health Wales website and in the Office of National Statistics (ONS) data. Please refer to PHW website and PHW for further information via the following link below:

<https://public.tableau.com/profile/public.health.wales.health.protection#!/vizhome/RapidCOVID-19virology-Public/Headlinesummary>

I can confirm that, between February 2020 to March 2022, 1411 patients tested positive >14 days post admission.
