

Freedom of Information Request	FOI 22-176	5 th May 2022
--------------------------------	------------	--------------------------

I am writing to you under the Freedom of Information Act 2000 to request the following information from Aneurin Bevan Health Board. Please may you provide me with:

A list of devices and assets connected to your network that have internet capabilities,

I can confirm that the Health Board holds information that you have requested. However, the Health Board believes that releasing this detailed information creates a security risk and is likely to prejudice the prevention or detection of crime (section 31(1)(a)) so in this case we will not be providing it to you as it is exempt from disclosure.

In line with the terms of this exemption in the Freedom of Information Act, we have also considered whether it would be in the public interest for us to provide you with the information, despite the exemption being applicable. In this case, we have concluded that the public interest favours withholding the information.

AND an outline of the cybersecurity risk profile associated with Aneurin Bevan Health Board.

Please find below a link to the Health Boards web site where a copy of the risk register is published:
