

I wonder if you could confirm whether the figures you provide for waiting lists and times included psychological services, ADHD assessment etc?

If not, please could you send new figures including that service if you provide it?

Please find below information below for the years across the Integrated Children and Adolescent Mental Health service (CAMHS)

Figures are for the WHOLE year shown from Jan to end of Dec for the years shown			
	2017	2021	2022
CAMHS	1349	3615*	4817*
ND	370	1618**	2046**
Total	1719	5233	6863

**Increase in yearly referrals put down to service expansion and in 2022 the integration of PCAMHS in Secondary CAMHS*

***The pandemic has driven unprecedented surge in demand for ND assessment*
