

Freedom of Information Request	FOI 23-102-01	9 th May 2023
--------------------------------	---------------	--------------------------

3. Please provide the name(s), manufacturer(s), and annual cost(s) of the platform(s)/software used by your trust when recording and storing surgical video.

Storz and Stryker laparoscopic stack system hard drive. No additional costs incurred as it is part of the system purchased.

4. Please confirm whether surgical video recordings are stored on NHS computer systems and/or third-party product(s) in your Trust.

This is a third-party system.

5. Please confirm whether your Trust limits how long surgical video recordings can be stored for.

The retention period for videos is 8 years.

6. Is the explicit consent to record the procedure part of routine care or is there an additional consent process?

It is part of the consent process unless shared then an additional consent would be asked for.

10. Within your Trust, are procedural recordings used for non-clinical purposes?

Yes, occasionally.
