

**"I'm interested in bed occupancy of Bedwas Ward on 13, 14 and 15 August. My understanding is that there are a maximum of 26 beds in single rooms in that ward, some possibly allocated to MAU. The figures show 26 or 27 patients but the percentage is less than 100. I don't understand."**

I can confirm that the 2022/23 bed plan for Bedwas Ward, YYF was set at 28 beds as part of IMTP planning and therefore occupancy has been measured against this. For operational reasons, the number of beds and the configuration of wards may change over the year, but the bed plan has remained at 28 for this particular ward after reviewing with operational teams. Please find below the bed plan for August 2022 for each ward at YYF which occupancy and utilisation has been measured against.

<b>2022/23 IMTP Bed Plan</b>	
<b>Ward</b>	<b>Bed Plan</b>
1.1 Bedwas	28
2.1 Oakdale	15
2.2 Bargoed	29
2.3 Rhymney	11
3.1 Risca	30
3.2 Penalta	28
3.2 EFU	15
